

25 February 2020

Dear Parents,

Re: Homework Time Table 2020

Our heart at Temple is to help see your child succeed, both in their schooling and in life.

One of the ways of achieving success at school is by helping them make good choices in relation to their homework.

Homework is another learning opportunity, which not only helps to improve thinking and memory but also helps students; develop positive study skills and habits, learn to work independently, learn effective time management skills, learn to take responsibility for what is needed to be done, amongst many other things.

Looking forward to working with you all in helping your children achieve success!

Justin Kowald
